

DIGITAL CHARTER

Federal IT Modernization & Teaming

InfiNetix, Inc. d/b/a Digital Charter

Who We Are

Digital Charter engineers secure systems for federal agencies and partners with the contractors who serve them. SBA 8(a) certified. GSA MAS 47QTCA22D004U.

Three Federal Packages

DevSecOps & ATO Acceleration

Pipeline templates, automated security and 508 testing, SBOM generation, GitOps promotion, and RMF artifact generation.

Cloud Migration & Modernization

Phased migration, infrastructure as code, SaaS transition, decommissioning, and Power Platform modernization with ALM governance.

Mission Automation

Process discovery, automation design, platform migration, integration, rollout, and audit-ready logging.

Continuity

Continuous performance on our longest-running federal program since 2021, through two contract vehicle changes.

Teaming

Prime or subcontractor. SBA 8(a) and SDB subcontracting credit.

Four Case Studies

U.S. Army — DORA

Digital Charter designed the AWS GovCloud infrastructure for DORA's 2019 pilot, helped develop the automation, and continues to maintain the infrastructure today.

\$29.3M annual program savings

Outcomes of the DORA program, validated by Army acquisition leadership.

NRC — DevSecOps

100+ projects onboarded to the standardized pipeline platform; 90% faster ATO timelines; 6-month full rollout.

FDA — FEEDS Cloud Migration

400TB migrated at 99% uptime with 30% operational cost reduction.

NRC — ARIES

Prime contractor. Integrated ARIES with NRC's FAIMIS financial system. Delivered Power BI reporting for time tracking and financial data. Produced administrator and end-user guides and recorded training sessions, accepted as contract deliverables, so NRC staff could sustain and extend the platform.
